

Has your company seen its percentage recovered on unsecured claims in commercial bankruptcy cases increase, decrease or stay the same since BAPCPA took effect in October 2005? Keep in mind these are general unsecured claims, not Section 503(b)(9) administrative priority claims or other secured claims. Please read all the answers before responding and please elaborate in the comments section.

		Response Percent	Response Count
The percentage of unsecured claims recovered has increased.		10.8%	28
The percentage of unsecured claims recovered has decreased.		18.5%	48
The percentage of unsecured claims recovered has remained the same.		47.3%	123
Not applicable (no bankruptcies since 2005, no unsecured claims, etc.)		11.2%	29
I don't know.		12.3%	32
